O R D E R:

The Government of India launched the PM Surya Ghar Muft Bijli Yojana on 13th February, 2024, which aims to popularize the adoption of rooftop solar in the country. One of the critical components of the scheme is to undertake the saturation of Government buildings under the administrative control of Central Ministries and State Level Government Departments, Organizations with rooftop solar latest by the end of 2025. The Ministry of New and Renewable Energy (MNRE) is coordinating this effort on behalf of the Government of India approved by the Government, a Steering Committee headed by Cabinet Secretary at national level will monitor the progress of the scheme, especially the saturation of Government buildings and provide guidance for its successful implementation.

2. Given the scope of ambition of the target and the stringent deadline, an intensive effort needs to be undertaken on priority. For saturation, it is essential to initially list all buildings/complexes under the State Government Departments/Organizations, it was advised to make a baseline assessment of the total potential rooftop solar capacity on the availability of appropriate roof space and technical requirements rooftop solar capacity already installed and identify the gap to be filled.

3. In order to identify the Govt. buildings/Complexes/Institutions, make a baseline assessment of the total potential rooftop solar capacity based on the availability of appropriate roof space and technical requirements, rooftop solar capacity already installed and identify the gap to be filled, Government hereby constitute a Committee with the following composition:-
